Patricia,

This message is to confirm that your request to add an "Open Forum Discussion" to the September Board of Trustees agenda (that was sent to me on Friday, August 29<sup>th</sup> at 1:04pm) will not be granted.

As confirmed by the Township Attorney, only board members may request agenda items with a minimum of six days' notice. You are not a board members, and your request does not meet the required criteria or deadline. Further, there is no provision under the Board's Rules of Order that was implemented at the request of newly elected board members, and supported by the public (including you), for an open forum discussion. Board Meetings are strictly for the board to conduct official business, and this type of agenda items is not appropriate for inclusion.

If you wish to address the board, you may do so during the designated public comment periods. No further action will be taken regarding this request.

Christina Smith

Clerk, Lodi Township

I am requesting adding to our Sept BOT agenda, an Open Forum Discussion Agenda Item. That item topic is Arbor Preserve, North & South.
